## INVITATION

### TTN TAX COURSE GENEVA Thursday 22 September 2022

Dear Madam, Sir,

Based on the success of the last years' courses held in amongst others Copenhagen, Lisbon, Berlin, Brussels, London and Malta (and do not forget the online tax course in 2020), the Executive Committee has arranged again for a one day introductory intermediate level course.

The selected topic is

### TTN TAX COURSE S01E03 A PRACTICAL JOURNEY THROUGH INTERNATIONAL TAX

The course is intended for younger tax practitioners. Please find an outline of the course at page 3 of this invitation letter.

The Course will be held in **Geneva**, on **Thursday 22 September 2022** and will be presented by Arnaud Jouanjan who is a senior member of TTN, a member of its Executive Committee with over 25 years' experience in international tax, starting with Ernst & Young Tax and Legal in Paris, then with Schlumberger Industries, and thereafter as founding partner of Jouanjan & partners, a boutique firm of French International Tax Lawyers.

Arnaud regularly speaks at conferences around the world on cross border taxation, both from a personal and from a corporate point of view.

The advantage of an in-house course is that by organizing the course we are able to tailor make the course and reduce costs per participant considerably. Moreover, the course will be presented in one day.

- International personal tax investigations and taxpayer rights
- Conflicts of tax residency, domicile, LOB
- Crypto taxation principles
- Multilateral instrument (MLI) Traps and how to identify them
- International taxation trends: what to expect in a world of war, inflation and public debt
- Deepening transfer pricing issues

You will take an active part in the course by working in small groups on real life cases and by solving a riddle over lunch. It will be fun, but it will be serious.
